Patient Security User Conference

October 27-28, 2010 | Sè San Diego Hotel | San Diego, CA

Are you responsible for overseeing your patient protection system?

Are you certain you are getting everything you can out of the system, while making life easy for yourself and the clinical staff?

Taught by a team of registered nurses, the **Patient Security User Conference** will cover basic and advanced software use and offer tips, tools and techniques to optimize your patient protection system. You will learn how to implement policies, procedures and best practices that will improve your overall patient protection program and create a safer, more manageable clinical environment.

Who Should Attend?

The Patient Security User Conference is designed for non-technical people. It was created specifically for clinical and security staff.

Cost

Two complimentary course registrations are provided with the purchase of every Hugs® or Pedz™ system. That's a value of over \$700 per person! There is no expiration date for this offer. If your facility has previously taken advantage of this one time offer, please contact your authorized Hugs/Pedz dealer for cost details. Space is limited – register early! For more information on the Patient Security User Conference, please call Bonnie Dewar at 866-559-6275 x 219 or by email at bdewar@stanleyworks.com

Conference Hotel

Sè San Diego Hotel
1047 5th Avenue
San Diego, CA 92101
