# Large RFID Cabinet - TS030

Automated Inventory Management

## SpaceTRAX<sup>®</sup>

### Perfect for use in:

- Hospitals
- Pharmacies
- Dental offices
- Stockrooms
- Research labs
- Universities

### Specific applications include:

- Tissue and biologics (ambient)
- Implant storage
- Reagent storage
- Pharmaceuticals
- Cardiovascular products
- Orthopedic products
- Hazardous materials

### Cabinet Features

- Configurable drawers & trays
- Multiple storage configurations
- Seamless integration with the SpaceTRAX Point-of-Use Inventory management solution

### Description

Traditional inventory management systems are slow, complex and just plain frustrating to work with. On top of that, an outdated system takes precious time away from doing what you do best.

Our RAIN RFID-enabled enclosures automatically track and monitor inventory 24/7 which eliminates manual processes, increases visibility, and captures information in real-time.

### Benefits & Key Features

- **RELIABLE INVENTORY SOLUTIONS:**
  - » Increase product visibility and reduce shrinkage
  - » Eliminate inefficient manual reconciliation processes
- **IMPROVE REGULATORY COMPLIANCE:**
  - » Generate policy compliance
  - » Remote temperature monitoring
- **ABSOLUTE ACCOUNTABILITY:**
  - » Ensure product integrity
  - » Proactive alarms for expiring products
- **INVENTORY OPTIMIZATION:**
  - » Usage tracking improves charge capture rates
  - » Prevent stock outs

## How it Works

An Internet-enabled RAIN RFID enclosure is placed at the point of use in your facility.

Pre-authorized users access the enclosure as needed.

When a user adds or removes an item, the system automatically tracks the transaction in real-time.

All transactions are recorded in real-time and accessible via SpaceTRAX.

## Product Specifications

Model	TS030
Physical Characteristics	External Dimensions: 80 x 36 x 26 (Inches)
(H x W x D)	Internal Dimensions: 65 x 14 x 24 (2) (Inches)
	External Space:
	80 x 41 x 50 (Inches)
	Place 3" from back wall and 21" from front wall
	Volume: 25ft <sup>3</sup>
	Weight: 265 lbs
	Security Device: Electromagnetic
Environmental	IP41, RoHS Compliant
Communications	RFID Frequencies: 902 to 928 MHz
	Communications: Ethernet, Cellular, Optional WiFi
	Access Control: LF Proximity Reader
Power	Electrical Power: 120 VAC, 60 Hz, .70A, 230V/50Hz, .35A
	Power Consumption: 84W Max
	Battery Backup: Two 12VDC, 1.3Ah, Sealed Lead Acid

### About STANLEY Healthcare

Over 15,000 hospitals and senior living communities rely on STANLEY Healthcare solutions to empower caregivers to deliver better care. STANLEY Healthcare is a part of Stanley Black & Decker and a proud supporter of the Alzheimer’s Association®. Learn more at [www.stanleyhealthcare.com](http://www.stanleyhealthcare.com).
